TRADING FZE

# **COMPANY PROFILE**

**In the fast growing global business market, Doody Trading FZE has built an extensive web of customers and suppliers across the world, covering all aspects of import/export quickly and efficiently, utilizing the most cost effective methods.**

## **ABOUT US**

Doody Trading FZE is a leading industry products supplier company. We are a team of highly experienced professionals with over 25 years of industry experience and knowledge. Our experience is the result of active participation in the pioneering of this industry in the UAE market.

We plan to achieve this feat by delivering an experience to our clients that goes above & beyond expectations.

We continuously strive to enhance industry practices, offering a wide variety of products and solutions under one roof. We are driven by technology and sustainability to offer the right solutions to clients.

### **Mission**

To excel in the industry and become an even greater force to be reckoned with. We strive to be one of the preferred solutions for doors within the country.

Our customers are always the focal point of our business and we are thus continuously analyzing and improving our product and services to best meet our customers' needs.

Our success is attributed to our focus on providing high quality products with a consistently high level of service to our customers.

### **Vision**

We are a leading diversified company carrying out construction, procurement, development, and internationally.

We are committed to providing reliable, amicable, and professional service to our valuable clients, and being supportive to local businesses and social activities, being friendly to the environment as well as being proactive in the socio-economic environments within which we operate.

Our appreciation of our clients' interests, evidenced by meeting their requirements and ensuring high-quality work, is the prime directive of our management.

## OUR PRODUCTS

- Auto Spare parts
- Mining products
- Tools & Equipment
- Electrical Parts
- Instruments
- Chemical
- Oil and Gas Facilities

## AUTO SPARE PARTS

Vehicle and spare parts help automobile companies to carry out their necessary vehicle repairing tasks with ease. We at Doody General Trading make it easier for the automobile companies to discover the latest and high-standard automobile parts that are not only robust by nature but offer durability.

These strong spare parts are sturdy enough to catch corrosion. Unlike other auto parts trading company, we offer authentic supplies that are made up of robust components.

## MINING PRODUCTS

So many things in our modern world are either made from minerals or are produced with the help of minerals.

Minerals are essential to produce materials required for construction and manufacturing. Like iron ore, which is used to make steel with the help of coking coal. Coking coal is also used to make cement.

In Doody, electricity generated from coal helps us to heat and cool our homes, keep the lights on, prepare and preserve the food we eat, as well as supplying us with fresh drinking water. Thermal coal also provides a stable and affordable energy supply to keep Doody businesses thriving each day.

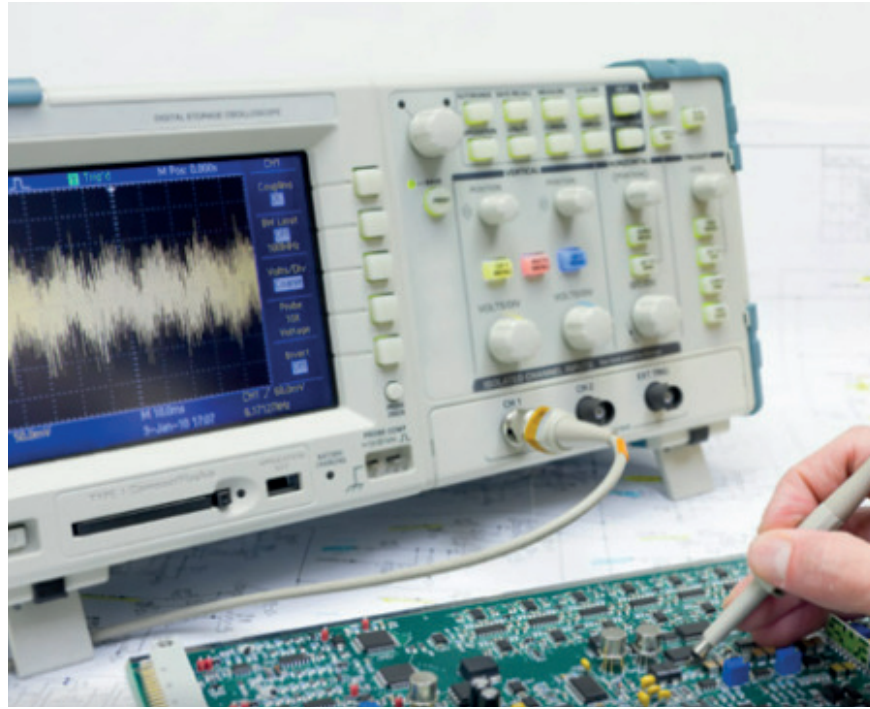

## INSTRUMENTS

We are committed to serve our clients in offering premium onsite & in-house solutions to a wide range of Power Electronic & Industrial Automation Solutions.

In the world of mechanical devices today, most measurements are made by electronic instrumentation, not the crude mechanical devices of the past. Most of these newer devices are actually a modern combination of a mechanical device and electronic sensing element.

## CHEMICAL

Doody Trading specializes in the distribution of liquid and solid chemicals to industries that use these chemicals as raw materials in their production. We deliver to our customers in quantities ranging from single bags or drums to thousands of tones.

The company plays a key role in providing assistance to many of its customers to successfully compete in distant and highly competitive markets by providing affordable logistics and commercial services to their raw material needs.

Our vision continues to be one of delivering high-quality products combined with close relationship and service.

## OIL AND GAS FACILITIES

Vehicle and spare parts help automobile companies to carry out their necessary vehicle repairing tasks with ease. We at Doody General Trading make it easier for the automobile companies to discover the latest and high-standard automobile parts that are not only robust by nature but offer durability.

These strong spare parts are sturdy enough to catch corrosion. Unlike other auto parts trading company, we offer authentic supplies that are made up of robust components.
